NNAMDI AZIKIWE UNIVERSITY
Awka, Anambra State
10/2015

Bachelors in Engineering: Industrial Engineering

PROFESSIONAL SUMMARY

Enthusiastic and Dedicated Front-End Web Developer, willing to contribute knowledge and expertise in providing solutions to technological needs while gaining further knowledge and experience. Collaborative team player with excellent speaking, technical abilities and problem-solving skills.

EXPERIENCE

LinuxJobber Greenbelt, Maryland USA
Remote Front-end Internship - 05/09/22 – 07/10/22

- Developed a Scrumboard application using HTML. CSS, and the ReactJS library, with Reactforms and React Beautiful DnD.

- Designed the LinuxJobber classroom page according to available figma designs.

PROJECT EXPERIENCE

E-Commerce Admin Dashboard

- Created an E-Commerce admin dashboard with data-displaying pages and charts for data presentation using React, TailwindCSS and Syncfusion.

Cocktail Hub

- Designed this cocktail displaying site which presents information about cocktails searched for. Created using HTML. CSS, Javascript and the ReactJS library.

Thrive Todo App

- Built a responsive Todo app that allows users to add, edit, or delete todos. Built using HTML, CSS, Javascript, ReactJs library and the Bootstrap framework.
